

Who can attend SCEA events and purchase SCEA tickets?

Special SCEA event and ticket prices are for members only. It's part of your membership benefits. So, when non-members ask you to "Get them some tickets," tell them how easy it is to become an SCEA member and enjoy the benefits on their own.

Our members pay a fee of \$.50 per week to belong to this great organization. On average, attending one event will save you the cost of membership for one year. Six movie tickets will save you the cost of membership for one year. One Disneyland Private Party ticket will save you the cost of membership for two years. At these savings we don't know why everyone is not a member! Here are just a few of your member benefits:
